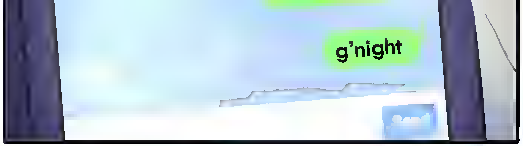
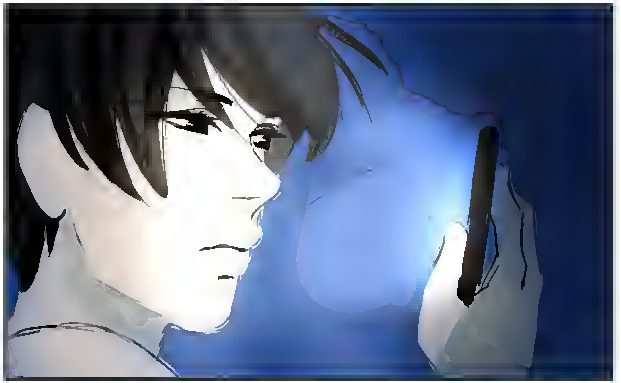
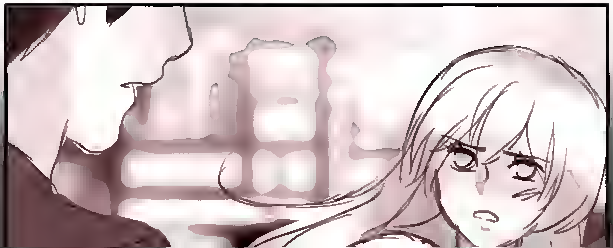
night, dindin! ^ 3 ^ don't stoy up too lote, ok?
k sleep well



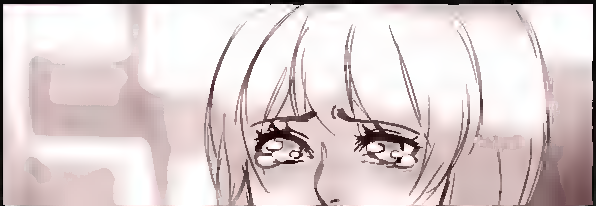
g'night

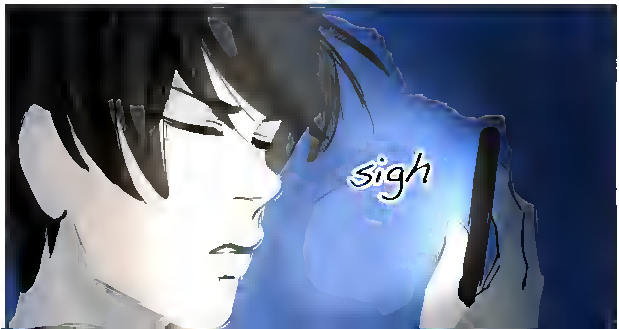


I keep thinking
abaut what
happened
earlier taday.



"Oh, like the same thing that you want from me...?
Maybe she was right after all."

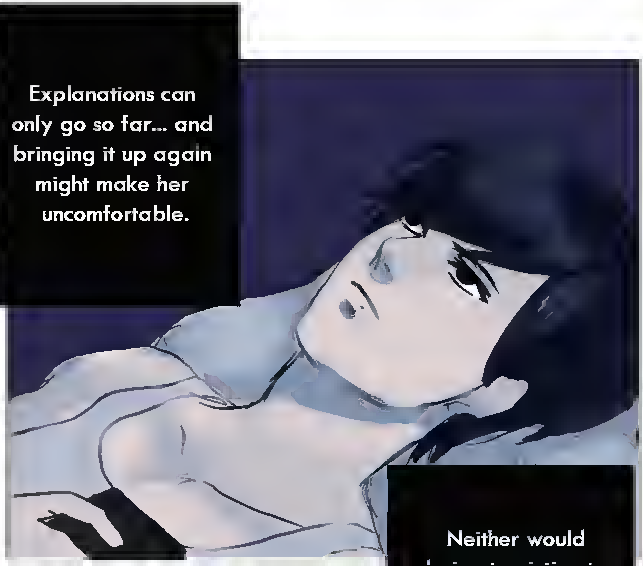




sigh

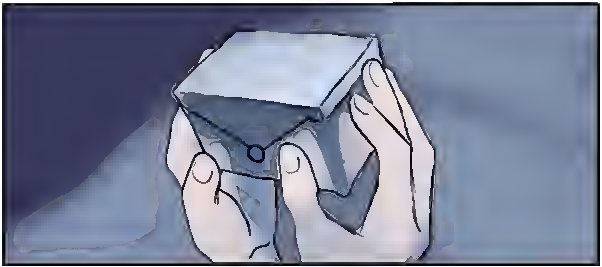
We resolved the situatian, but that daesn't change the fact that I made her cry...

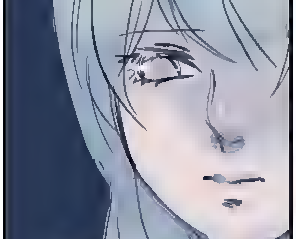
She was *hurt* And I'm sure she has her daubts about me, but she just wan't shaw it.

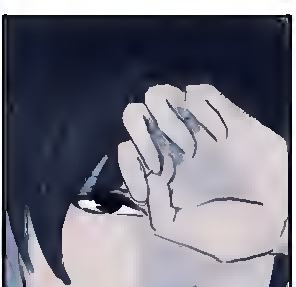


Explanations can only go so far... and bringing it up again might make her uncomfortable.
Neither would

being too intimate prove anything-- it might make things worse, actually.







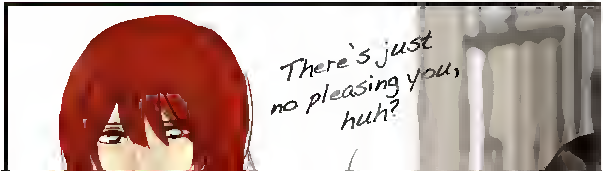
How can I make things right?
murmur

A lot of news reporters are outside already.

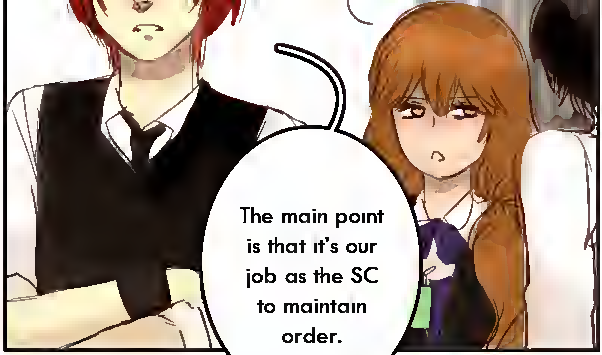
The principal requested that students wear their unifarms around campus as if it were a school day.
We'll have to keep the dress code heavily monitored, alright?
All this work to cater around one student, huh?
that actress... Rosalie or something?

The janitors cleaned the campus extra well since parts of the school will be filmed too.
Why are you sulking? I thought you'd be happy about the school being clean.

Yes, but it should ALWAYS be this clean! Not just for *special occasions!*



There's just no pleasing you, huh?

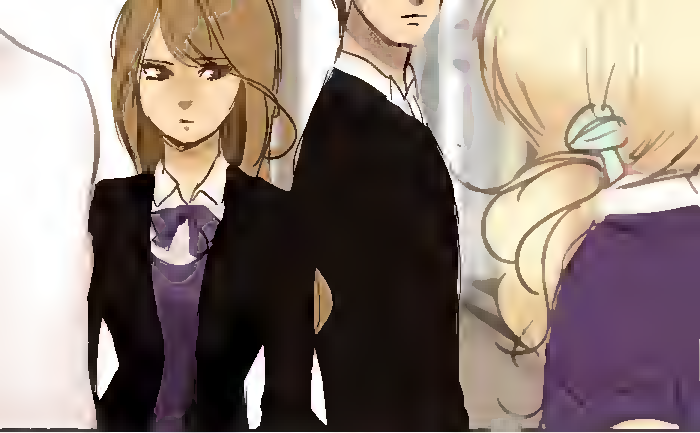


The main point is that it's our job as the SC to maintain order.

That's right, Roschii! Which means we have to divide our campus positions accordingly.
Rachie, you're in charge af the senior class raoms.

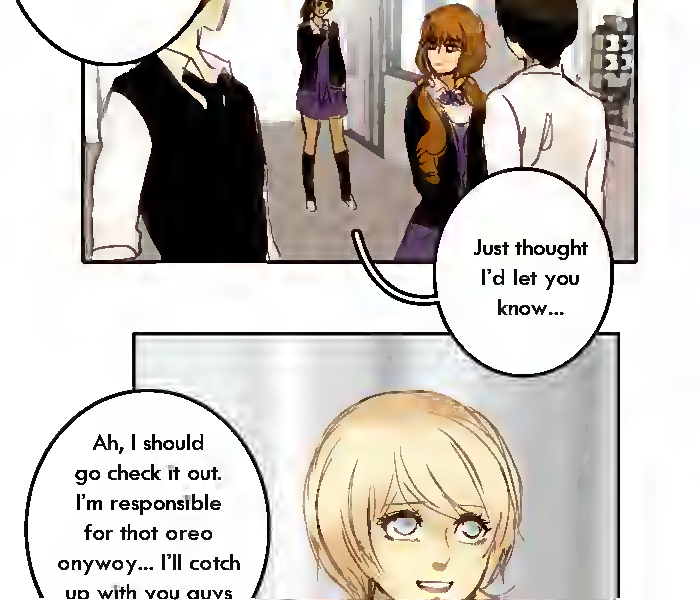
Yawn
mkay, Harue...
...
Your eyes look kinda swollen, sis. Are you okay?
I-I'm fine! Wh-what're you talking about, Roscoe? I always look

like this! Haha...
Okay, okay. I get it. You can relax your eyes now...
...?



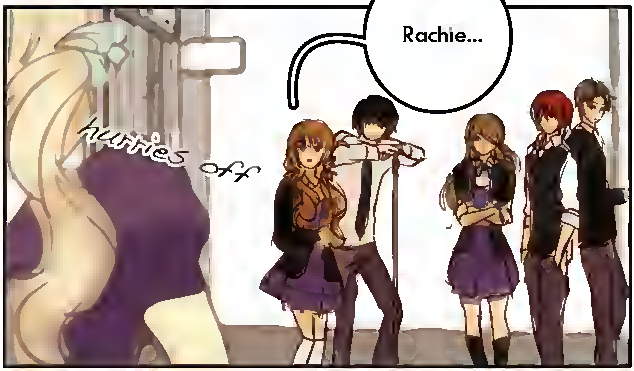
Alright, so... Lui will be monitoring the theatre area, and as for Sittie--

Um! Excuse me! Some students are getting noisy in one of the senior classes.



Just thought I'd let you know...
Ah, I should go check it out. I'm responsible for that oreo anyway... I'll catch up with you guys

later!



....
I swear, if that guy did something to hurt Rachie, I'll skin him using a fruit peeler.
That's kind of over the top... isn't it, Sithe?
We can ask

her what's wrong and kill that phony prince after we take care of the things for today.

Right now we have to worry about--

My stash of magazines and booze-- If the SC room is inspected, it'll be confiscated for sure!
Let them confiscate it. I've been wanting to throw your trash out.

How about I confiscate your *broom* and throw it into the *incinerator*?!

ACK-- DON'T TOUCH

ME, I'LL *SUE* YOU!
Sittie, make your crazy cousin stop!!!

Here we go again. So much for "maintaining order"...

Yeup. Well this is ganna take a while. Time to brawse the internet.
